

Revolution Oven Parts Manual

RE-4-8

RE-4-12

RE-4-16

RE-8-16

RE-8-24

RE-8-32

In this parts manual, you'll find some part numbers with this ---> "XX"

The XX is the type of oven that you own.

So If you have a RE-8-24, you have to replace the XX by 24.

For exemple the part RE8"XX"041 becomes RE824041

Your Model: RE-8-24

RE8XX041 = RE824041

Note that the 4-XX models uses the same format

You have to double the value of the model number to get the correct part :

4-8 is equivalent to a 8-**16**

4-12 is equivalent to a 8-**24**

4-16 is equivalent to a 8-32
